ACCESO A WILEY

Para acceder a la base de datos Wiley desde fuera del campus por la intranet, será necesario colocar el usuario y contraseña que figura al lado derecho del logo de la base de datos.

The image shows a composite of two screenshots illustrating the access process. On the left is the 'INTRANET' menu, and on the right is the 'Wiley Online Library' login page. Four numbered steps are highlighted with yellow callouts and red arrows:

- 1. Clic al logo de Wiley**: Points to the Wiley Online Library logo in the 'Multidisciplinaria' section of the intranet menu.
- 2. Colocar usuario y contraseña**: Points to the login form on the Wiley page, where the user enters 'UCSUR' for both the username and password.
- 3. Clic en Login**: Points to the 'Log In' button at the bottom right of the login form.
- 4. Clic para acceder a la página de Inicio**: Points to the 'Wiley Online Library' logo at the top of the page, which is highlighted with a red box.

The intranet menu includes sections for 'Biblioteca Virtual', 'Multidisciplinaria', 'Ciencias de la Salud', 'Ciencias Empresariales', and 'Ciencias Ambientales'. The Wiley login page includes an 'OpenAthens' section and a 'Log in with your institution's username' section with fields for 'Username *' (containing 'UCSUR') and 'Password *' (containing 'UCSUR').

Preface

A desktop guide

In 1989 the European NIDDM Policy Group published its first Desktop Guide for the management of Non-insulin-dependent (Type 2) Diabetes, and in 1993 that document was revised on behalf of the St Vincent Declaration Initiative.

The current Desktop Guide builds on those guidelines, in the light of newer understandings, and attempts to provide a more direct and more accessible format. Our aim here is to provide Guidelines which can offer easy access to high quality and better integrated care, while reducing health inequalities.

The greater emphasis on arterial risk factor management, rather than just good blood glucose control, is given particular prominence.
